

Certificate Carbon Neutral

Groenbalans states that

Dimitrios Mavroeidis
Olive Cultivation - Exports
Ypsilantou 15
Pyrgos - 27131
Greece

Has offset their carbon emissions in 2020 for all transportation
(from factory to customers), calculated by Groenbalans,
and therefore operates with carbon neutral transportation

Carbon offsetting takes place by means of
international certified VCS carbon credits
resulting from a small hydro power plant in India

Read more about these credits, its reductions
and sustainable energy projects at
